

Tapes & Labels

FOR PHARMACY

Shamrock's Mission

Our mission is to supply quality, innovative labeling systems to the healthcare industry that help protect patient safety, fulfill modern technological needs and remain cost effective.

Environmental Policy

It is Shamrock's policy to provide a safe and healthy workplace for our employees and to be an environmentally responsible neighbor in our community. From product manufacture through shipping, in both office and production facilities, Shamrock supports comprehensive programs designed to positively impact the safety of our population and natural resources.

Joint Commission National Patient Safety Goals For Pharmacy

Sustained with Shamrock Labels

- Goal 1.** Improve the accuracy of patient identification.
- Goal 2.** Improve the effectiveness of communication among caregivers.
- Goal 3.** Accurately and completely reconcile medications across the continuum of care.

Blank Labels

FOR ON-DEMAND PRINTING

SHAMROCK STOCK BLANK LABELS FOR THERMAL, LASER, INKJET AND DOT MATRIX PRINTERS

Thermal Direct Labels for Printers with a Heated Printhead

Thermal Transfer Labels for Printers using a Ribbon for Printing

- Shamrock Thermal Labels are available for standard or IR scanning and may be supplied with sensor bars, holes or notches.
- Should your printer require a core size and/or number of labels per roll different from our stock, just let us know. Shamrock can supply labels to perfectly meet your requirements.

Laser Labels

- Shamrock Laser Labels, offered in a range of sizes to answer the labeling needs of every procedure in your pharmacy, run smoothly through your printer.
- Stock label formats are supplied on 8 1/2" x 11" sheets, custom configurations are available upon request.

Labels for Inkjet Printers

- Shamrock offers materials specially designed for trouble free inkjet printing in black and white or color enhanced.
- Design your own Pharmacy labels to highlight important information, provide clean, crisp text and easily scanned barcodes.

Pinfed Labels for Dot Matrix Printers

- Shamrock Pinfed Labels won't jam in your dot matrix printer, offer a clear, easy-to-read imprint to facilitate communication.
- Special label materials are available.

SHAMROCK SUPPLIES BLANK LABELS FOR UNIQUE LABELING REQUIREMENTS

- Special materials that stand up to harsh temperature extremes and solvents.
- Labels tinted in whole or with color bars to highlight information. You choose from 13 stock colors shown on page P-8.

Specialty Thermal Labels for the Pharmacy

Stock Thermal Labels are supplied on 3" cores for Thermal Direct printing unless otherwise specified. To order stock labels in Thermal Transfer material, please add the suffix "-T" to the catalog number. For example: THERM-490R-T.

Material Options for Specialty Thermal Labels

STANDARD THERMAL MATERIALS

Thermal Direct Permanent adhesive won't stick to gloves. May be applied at 25°F (-4°C), holds in temperatures ranging from -65°F to 200°F (-54°C to 93°C).

Thermal Transfer Bright white in color and smudge resistant. Permanent adhesive won't stick to gloves. May be applied at 25°F (-4°C), holds in temperatures ranging from -65°F to 200°F (-54°C to 93°C). Sticks to most surfaces including plastic and curved.

Stock Thermal Labels are supplied on 3" cores for Thermal Direct printing unless otherwise specified. To order stock labels in Thermal Transfer material, please add the suffix "-T" to the catalog number.

PREMIUM THERMAL MATERIALS

Thermal Direct Kimdura® Solvent resistant, imprint won't smear or flake. Glove free permanent adhesive. May be applied at 10°F (-12°C), holds in temperatures ranging from -40°F to 300°F (-40°C to 149°C).

Transfer Smudgeproof Kimdura® Glove free, solvent resistant, aggressive permanent adhesive. May be applied at 10°F (-12°C), holds in temperatures ranging from -40°F to 300°F (-40°C to 149°C).

To order stock labels in Kimdura Direct add the suffix "-KD", for Kimdura Transfer add the suffix "-KT".

THERMAL MATERIALS FOR SPECIAL APPLICATIONS

Thermal Direct IR Readable Smudge resistant, perfect for curved and plastic surfaces. Glove free permanent adhesive. May be applied at 25°F (4°C), holds in temperatures ranging from -65°F to 200°F (-54°C to 93°C).

Thermal Direct Piggyback Holds tightly to a wide variety of surfaces, won't stick to gloves. May be applied at 25°F (-4°C), holds in temperatures ranging from -75°F to 200°F (-60°C to 93°C).

Thermal Direct Tight Release Smudge resistant, ideal for serpentine feed printers. Glove free permanent adhesive. May be applied at 32°F (0°C), holds in temperatures ranging from -75°F to 200°F (-60°C to 93°C).

Thermal Direct Removable Smudge resistant material. Glove free removable adhesive leaves no residue. May be applied at 32°F (0°C), holds in temperatures ranging from -40°F to 200°F (-40°C to 93°C).

Thermal Transfer Piggyback Bright white, smudge resistant material won't stick to gloves, holds tightly to most surfaces. May be applied at 25°F (-4°C), holds in temperatures ranging from -75°F to 200°F (-60°C to 93°C).

Transfer PolyFlex Piggyback High performance, clear carrier sheet, excellent flexibility. Glove free permanent adhesive. May be applied at 50°F (10°C), holds in temperatures ranging from -40°F to 176°F (-40°C to 80°C).

Transfer Smudgeproof Kimdura® Piggyback Resists moisture and chemicals. Glove free permanent adhesive. May be applied at -20°F (-29°C), holds in temperatures ranging from -65°F to 200°F (-54°C to 93°C).

Thermal Transfer Matte Cold-Stick Glove free, permanent adhesive. May be applied at -10°F (-23°C), holds in temperatures ranging from -65°F to 250°F (-54°C to 121°C). Good initial adhesion that becomes permanent after 24 hours.

Thermal Transfer Cryo-Stick Glove free, permanent adhesive for cryogenic testing and storage applications. May be applied at 50°F (10°C), holds in temperatures ranging from -112°F to 176°F (-80°C to 80°C).

Thermal Transfer Liqui-Stick Glove free, permanent adhesive to withstand liquid nitrogen and dry ice. May be applied at -20°F (-29°C), holds in temperatures ranging from -320°F to 190°F (-196°C to 90°C).

Thermal Continuous Rolls Shamrock's top quality standard and special application thermal materials may be ordered as continuous rolls for thermal direct and transfer printers with automatic cutters.

STANDARD LASER MATERIALS

Laser General purpose permanent adhesive provides excellent initial adhesion that sticks tightly to most surfaces including plastic, glass and paper. May be applied at 25°F (-4°C), holds in temperatures ranging from -40°F to 300°F (-40°C to 149°C).

LASER MATERIALS FOR SPECIAL APPLICATIONS

Laser Bright White Smudge resistant material features permanent adhesive that sticks tightly to most surfaces, won't flag or fall off plastic, glass or paper. May be applied at 25°F (-4°C), holds in temperatures ranging from -40°F to 300°F (-40°C to 149°C).

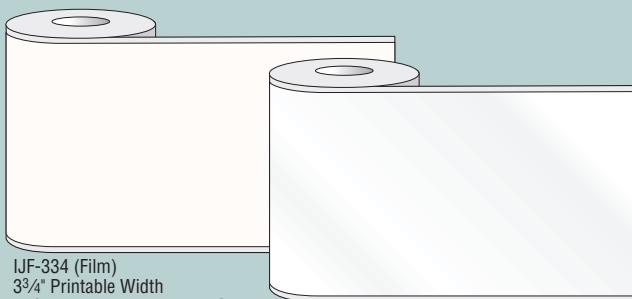

Laser Smudgeproof Kimdura® Glove free, solvent resistant, aggressive permanent adhesive. Its surface accepts a clear imprint that won't smear or flake. May be applied at 35°F (2°C), holds in temperatures ranging from -65°F to 200°F (-54°C to 93°C).

Laser Piggyback Permanent adhesive will adhere to slightly cool, moist glass bottles. After 10 minute set-up time, will withstand immersion in ice water, provide UV and solvent resistance. May be applied at 20°F (-7°C), holds in temperatures ranging from -60°F to 200°F (-51°C to 93°C).

Specialty Labels for Color Enhanced Inkjet Printing

Shamrock offers continuous rolls of pressure-sensitive film or paper that produce labels with crisply legible text, easy-to-scan bar codes and eye-catching color to highlight important information. Rolls of individual, die-cut labels are also available for the Epson® SecurColor™ printer.

EPSON® SECURCOLOR™ INKJET CONTINUOUS ROLL LABELS

IJF-334 (Film)
3¾" Printable Width
4" Carrier Width / 2" Plastic Core
100' per roll

IJGP-334 (Gloss Paper)
3¾" Printable Width
4" Carrier Width / 2" Plastic Core
100' per roll

Contact Shamrock for information on continuous rolls and die-cut labels for other inkjet printers.

INKJET MATERIAL

Inkjet Film Opaque matte white finish film with solvent resistant, pressure-sensitive adhesive that stands up to refrigeration, is particularly suited to pharmacy applications.

Inkjet Matte Paper White, matte finish facestock is highly receptive to inkjet inks, features fast dry time and good water resistance.

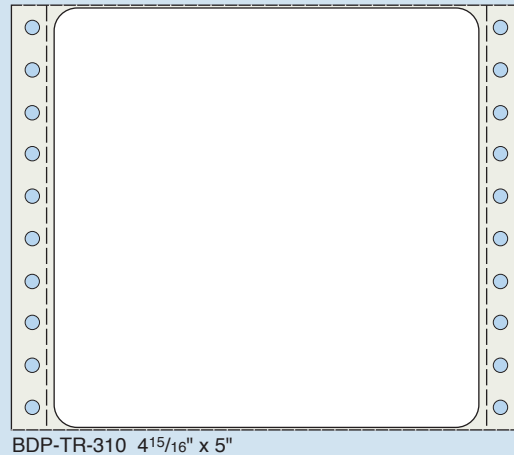

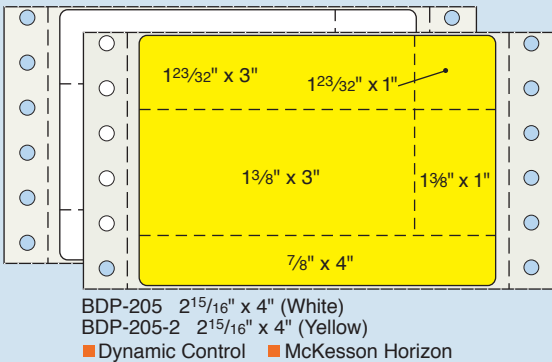

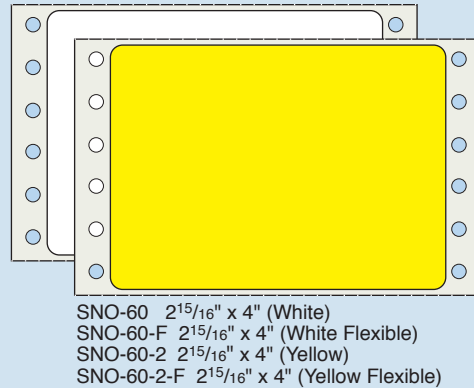

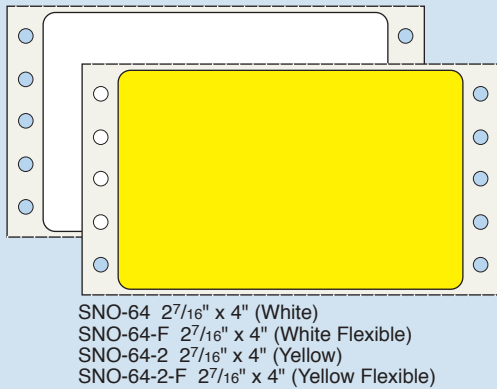

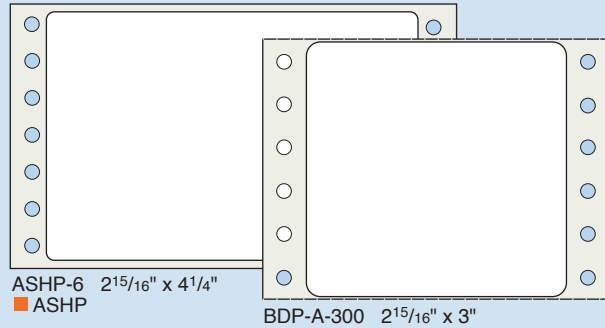

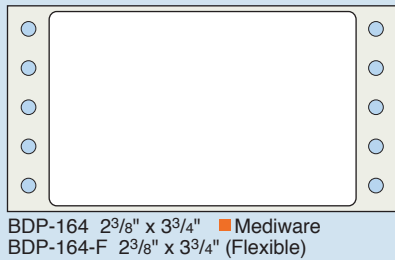

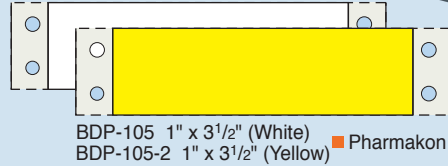

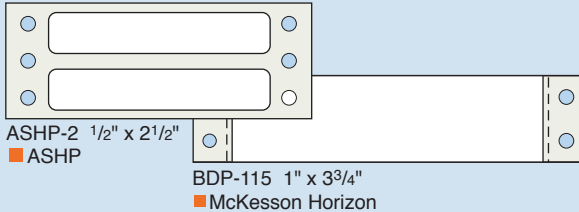

Inkjet Gloss Paper High gloss white finish enhances inkjet color printing, provides fast dry time and offers good water resistance.

STANDARD DOT MATRIX MATERIALS

EDP Permanent Permanent adhesive offers high initial tack and ultimate adhesion on most surfaces, will not flag or fall off curved surfaces down to 1/2" diameter. Will hold in temperatures ranging from -65°F to 180°F (-54°C to 82°C).

DOT MATRIX MATERIALS FOR SPECIAL APPLICATIONS

EDP Removable General purpose removable adhesive provides a good initial tack and is easily removed on most surfaces including plastic and glass. May be applied at 40°F (4°C), holds in temperatures ranging from -65°F to 180°F (-54°C to 82°C).

Pliaprint General purpose permanent adhesive features high initial tack and ultimate adhesion. Excellent for labeling small containers, irregular and curved surfaces. May be applied at 40°F (4°C), holds in temperatures ranging from -65°F to 160°F (-54°C to 71°C).

Dupli-Copy Everything printed on label automatically copies onto the label's liner paper. Strong permanent adhesive is solvent resistant. May be applied at 35°F (2°C), holds in temperatures ranging from -65°F to 200°F (-54°C to 93°C).

Twin Stock Two matte finish labels in one. Printing on top label copies onto an underlying, second label. Permanent adhesive holds label firmly in place. May be applied at 25°F (-4°C), holds in temperatures ranging from -75°F to 200°F (-60°C to 93°C).

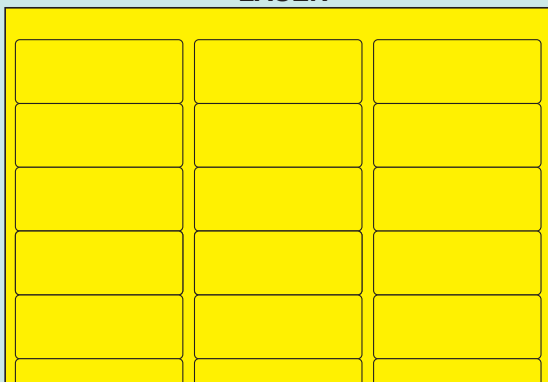

Specialty Labels for Every Printer, Dispensing Software

Shamrock can supply labels individualized to meet your pharmacy's special requirements, on materials specific to your thermal, laser, inkjet or dot matrix printer.

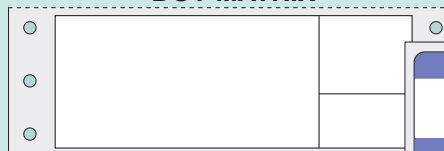

- Labels die cut to exactly match your software.
- Labels tinted or printed with spot colors to highlight important information.

Specialty Medication Added Labels

Shamrock Specialty Medication Added Labels feature permanent, pressure-sensitive, FDA Compliant adhesive that holds tightly on the surface to which it is applied, won't flag or fall off during use. Clearly printed labels provide space for any necessary information to be added by pen, marker or printer. Labels supplied 1,000 per roll unless otherwise indicated. A minimum order of 1,000 labels for each imprint.

Specialty Products for Medication Dispensing

UNIT DOSE BLISTER CUPS

Specialty Blister Cups measure 1/2" or 5/16" deep. They are supplied in strips of 20 cups each, packaged 10,000 cups per carton. Minimum order one carton.

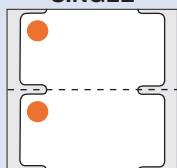

UD-8000 (large blister, 1/2" deep x 1 3/32" long)
UD-8001 (small blister, 5/16" deep x 1 3/32" long)

UNIT DOSE LABELS

Specialty Unit Dose Labels are specifically designed to securely seal medication blister cups. They are supplied in matte finish stock, either standard or foil-backed to provide a moisture barrier. Label backing is die cut to cover blister opening and protect medication from the label's adhesive. Lift at Red Dot to easily remove label from blister cup when dispensing.

Unit Dose Labels measure 1" x 1 1/16" and are available in rolls for standard, thermal direct or thermal transfer printing, on 8 1/2" x 11" sheets for laser printing and either in rolls or fan folded for dot matrix printing.

SINGLE

STANDARD LABEL MATERIAL

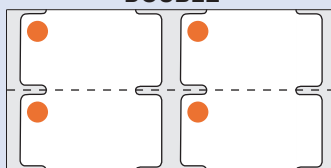

UD-8010 (1-up)
UD-8010-F (1-up, foil backed)

THERMAL LABEL MATERIAL

UD-THERM-S (1-up)
UD-THERM-S-F (1-up, foil backed)

Direct Thermal material unless specified. To order Thermal Transfer Labels add the suffix "-T" to the appropriate catalog number: UD-THERM-S-F-T.

DOUBLE

STANDARD LABEL MATERIAL

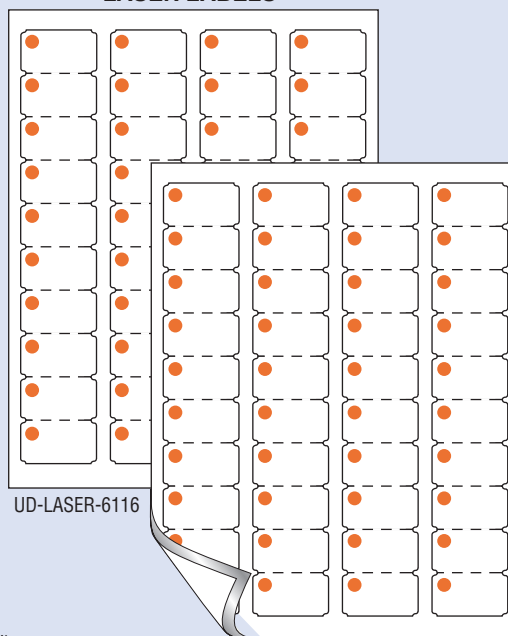

UD-8010-D (2-up)
UD-8010-D-F (2-up, foil backed)

THERMAL LABEL MATERIAL

UD-THERM (2-up)
UD-THERM-F (2-up, foil backed)

Direct Thermal material unless specified. To order Thermal Transfer Labels add the suffix "-T" to the appropriate catalog number: UD-THERM-F-T.

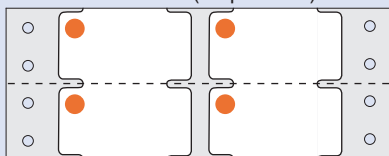

LASER LABELS

UD-LASER-6116

UD-LASER-F-6118 (foil backed)

RECLOSABLE CHEMOTHERAPY BAGS

Reclosable, printed poly bags for chemotherapy drug transport carry a warning symbol and cautionary information boldly printed against a bright yellow background. Sturdy 4 mil bags are available in two sizes and supplied in full cartons only.

ZIPR-TOP BAGS

Resealable Specialty Zipr-Top Bags are made of clear polyethylene with a "zipr-top" seal to keep out air and moisture. They are available in 2 mil and 4 mil thicknesses and a wide range of sizes. Use them for unit dose packaging, IV's, whatever your procedures require. See price schedule or contact Shamrock for sizes available.

DRUG ADMINISTRATION FORMS

Available in three formats with 10 or 25 numbered charge tickets and boldly printed inventory control number.

Stock Forms
Order the stock form illustrated or have it customized with your facility name.

- DN-10 (NCR, 10 Charge Tickets)
- DB-10 (Bond Paper, 10 Charge Tickets)
- DN-25 (NCR, 25 Charge Tickets)
- DB-25 (Bond Paper, 25 Charge Tickets)

Semi-Custom Forms
Feature your specified list of up to 36 drugs on each charge ticket.

- DCN-10 (NCR, 10 Charge Tickets)
- DCB-10 (Bond Paper, 10 Charge Tickets)
- DCN-25 (NCR, 25 Charge Tickets)
- DCB-25 (Bond Paper, 25 Charge Tickets)

Front Record Sheet Forms
Your notations on the front sheet are copied onto the appropriate charge ticket below.

- DFN-10 (NCR, 10 Charge Tickets)
- DFN-25 (NCR, 25 Charge Tickets)

Specialty Communication Labels

STRIP LABELS

Shamrock Strip Labels provide a convenient answer for special labeling needs. Print patient name, room number, drug lot number, any necessary information, on their smudge resistant, matte finish surface. Place the label on any item; its removable adhesive will hold without flagging or falling off yet leaves no messy residue when removed. Specialty Strip Labels are available in two sizes, 1/2" x 1 1/2" and 1/2" x 2", in rolls of 1,000 labels.

AS-25 1/2" x 1 1/2"

AS-26 1/2" x 2"

IV COMMUNICATOR LABEL

IV bag label and Patient Record label are separated by a perforation through both label and liner. The Pharmacist removes liner from the left side and applies label to IV bag. Upon administration, the floor nurse removes the right side of the label with liner intact, fills out information and returns it to the Pharmacy for inclusion in the patient record. Supplied in rolls of 1,000 labels.

SMAC-10 2 1/2" x 4"

CHEMOTHERAPY WARNING LABELS

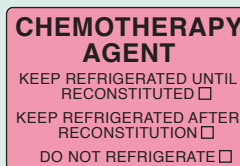

Colorful warning labels feature bright fluorescent label stock backed with permanent pressure-sensitive adhesive that won't flag on IV containers, tubing or needles. Supplied in rolls of 1,000 labels unless otherwise specified.

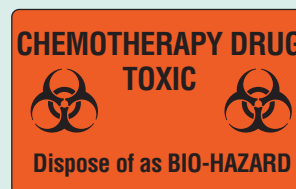

CW-13 1/2" x 2"
Fl. Green

CW-12 1 1/2" x 2 1/2" Fl. Orange

CW-11 2" x 3" Fl. Pink

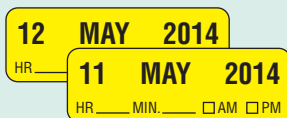

CW-10 2 1/2" x 4" Fl. Red (500 per roll)

DATE LABELS

Specialty Date Labels immediately identify the date on drug containers, IV solutions and paperwork. Clearly printed in black on yellow stock or color coded. Labels accept notations in pen, pencil or marker, feature permanent pressure-sensitive adhesive that stays in place, cannot be removed. Labels measure 1/2" x 1 1/2". Date Labels are supplied per month in a unique dispenser box that holds one roll of labels for each day of the month.

Standard Date Labels

Date-1 (100 labels per roll)
Date-2 (200 labels per roll)
Date-3 (300 labels per roll)

Color Coded Date Labels

Date-10 (100 labels per roll)
Date-20 (200 labels per roll)

HangUp® BAGS AND HANGING RACKS FOR PRESCRIPTION RETRIEVAL

- HIPAA Responsive for Patient Privacy
- Meet Joint Commission Patient Safety Goal Number 3 for Medication Safety
- Save Time and Conserve Space

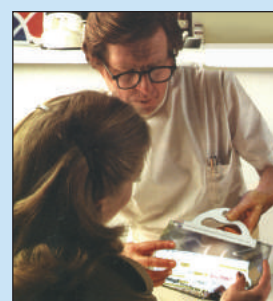

Shamrock offers HangUp® Bags in 7 sizes to accommodate medication containers from single dose packets to IV bags. The bags are clear, 4mil strong plastic allows easy visual retrieval and extended reuse. Pharmacist and patient benefit from the simple, 3 step dispensing procedure:

1. Place labeled medication in clear HangUp® Bag.

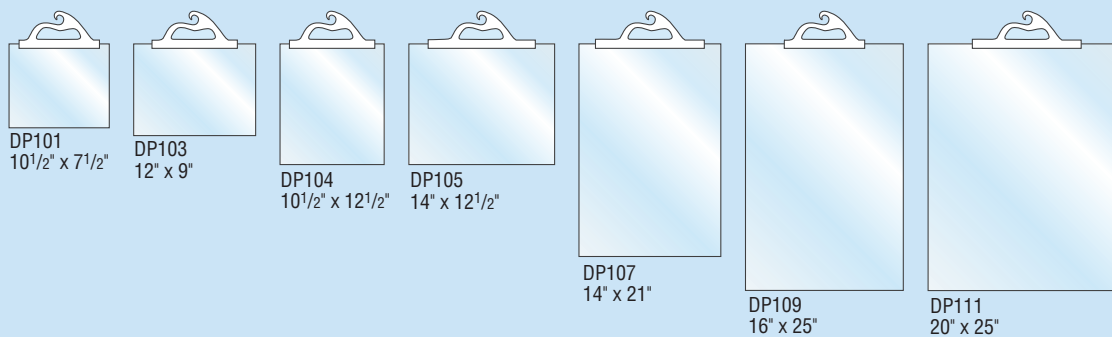

2. Hang bag on the rack, in order between Index Tabs.

3. Retrieve bag for final dispensing. Medication is easily verified before removal from bag.

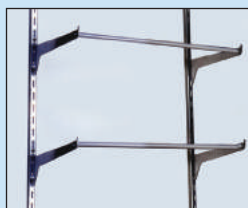

HangUp® BAGS are available in 7 sizes.

Three HANGING RACKS and INDEX TABS are also available from Shamrock.

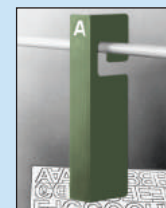

FREE STANDING REVOLVING RACK
with or without wheels, holding 3 or 4 rings.

STANDARD WALL RACK
will hold 3 hanging rods.

DELUXE WALL RACK
to hold 4 to 5 hanging rods.

INDEX TABS
are available in packs of 25 tabs with large, self-adhesive letters.

Terms and Conditions of Sale

All prices subject to change without notice.

A \$25.00 minimum order is required.

Prices are F.O.B. Bellwood, Illinois, unless otherwise specified. Foreign import duties and exchange rates, if any, are additional.

Terms: Net 30 days.

RETURN POLICY

No returns will be accepted without prior authorization. Shamrock's numbered return authorization form must accompany all merchandise returned.

Defective Merchandise: Should any Shamrock product prove to be defective, a claim for return must be placed within 60 days of shipment. Products shown to be defective and returned within this period will be replaced.

Stock Items: No return of stock items will be accepted after six months. A 15% restocking charge is imposed on return of all stock items.

Custom Items: Custom orders may not be returned.

QUANTITIES

Over runs or under runs, not to exceed 10% of quantities ordered, will constitute acceptable delivery.

PLATE CHARGES

Due to natural deterioration of printing plates, and in order to provide only top-quality products, Shamrock must remake its plates every three years. If an order is not placed within that time, a new plate charge must be made upon receipt of the next order.
